# Glynn Prairie SNA

## Directions and Notes from Minnesota DNR

**Directions:** From Tracy 3.5 miles W on US Hwy 14, then 1.75 miles N on Co Hwy 9. Park in pull-off on W.

**Lat/Lon:** 44.264515, -95.69446

This was one of more than 30 sites in eight states around the nation included in a recent (2013) study using genetic analysis to reconstruct microbial diversity of pre-agricultural tallgrass prairie soils-information intended to guide conservation efforts related to this fragmented ecosystem.

This site has no maintained trails or other recreational facilities.

## Notes from MinnesotaSeasons.com

### **Parking**

N44 15.875, W95 41.672

### **Intermittent Streams**

There are two intermittent streams on the site. The larger stream, labeled on the map, is shallow, wide, and often dry near the north boundary of the SNA. The smaller stream, not labelled but visible on the aerial map, is a deep but narrow gorge that can be easily hopped across near the western boundary of the SNA. Where the two streams meet there is a land bridge enabling an easy crossing.
