Directions and Notes from The Nature Conservancy

Drive south from the preserve sign for one-and-a-half miles and turn east. Travel a one-half mile to the west side of this part of the preserve.

Pankratz is made of two tracts of land - a 468-acre north unit and a 452-acre south unit. It is five miles from the Conservancy's largest prairie-wetland restoration project in U.S. history - Glacial Ridge.

Herds of buffalo roamed this sandy soil, polishing smooth a large glacial boulder with the weight of their bodies. This boulder stands as a testament to pre-settlement times.
